

October 2021

The month of October was a slow one for SNA. Following the previous month of September with our huge fundraiser, this break was much needed! We held one meeting to discuss the fundraiser results. We also had a group of members help our assistant dean, Dr. Davidson, help with the pack preview day. The rest of the members were warming up for a busy November!

SNA Fun Fact:

SNA was first started in 1946 and now has over 50,000 members!
